# SPECIAL SERVICES

## What do you enjoy most about your job?

I enjoy being around the students and my fellow co-workers.

Mrs. Saez

Talking to the students everyday, and helping them to navigate the library by making it work for them.

Ms. Witkowski

I am able to see at first hand, that my support has enhanced a young persons life in many positive ways.

Mrs. Kotermanski

I enjoy working lunch at the high school because the students are always busy doing something and I never get bored.

Mrs. Failer

**What was the most embarrassing moment of your teaching career?**

**Mr. Lengemann**

I was talking to Taylor Sinda and when I went to roll back to my computer, my chair leg got caught on Sarah Pouliot's chair so I reached for Taylor to support myself and she eluded my grasp. Then I fell on my butt and the entire class laughed hysterically. *But I did fall gracefully.*

**Mrs. Winiarski:**

One time last year I was yelling at my student Shane Schofield and I was saying "Shane sit down" and I mixed up my letters and... well you can guess the rest".

1. You've never had to pay to get into a football/basketball game.
2. You walk in step with person walking next to you.
3. While waiting for your computer to load, you can play drum cadences on the desk with your hands.
4. You've actually been to band camp, and consider it the highlight of your summer.
5. You know how to walk on mud without slipping.
6. You've never sat with your class section at a pep rally, because you were playing.
7. You know how to change on the bus and don't mind.
8. You've named your instrument.
9. Forget fingernails on a chalkboard, out-of-tune flutes and piccolos make you cringe.
10. When you graduate, you don't leave.

Where do we start??? You have made us so proud. You have worked hard and that has made you a strong person. As you go to college and start your life remember to think things through, take that extra minute. When you get scared you will have the strength within you to turn that into something positive and remember it is not bad to feel fear because that means you have something to lose. Right wrongs, stand up for what you believe, hold your head high. We believe you have learned to follow, now it is your time to lead.. your at the starting line of the rest of your life... GET READY... GET SET... YOU GO

Love, Mom, Dad, Jeff & Nic

Love Always, Gram

Dear Lauren,

May God be with you and bless you on your journey into life, and remember, "When your safe inside your room you tend to dream of a place where nothing's harder than it seems, when there's no one else, look inside yourself like your own best friend and trust the voice within, and you'll find the strength that will guide your way, and you'll learn to begin to trust the voice within."
